russian businesses in the post soviet period have been noted for their unusual sometimes allegedly corrupt

business practices and for their role in the enrichment of oligarchs this book which includes a wide range of case study examples and which draws on the author's first hand experience of running a russian company argues that a key to understanding contemporary russian business is the importance of arbitrage that is the ability to take advantage of price and cost differentials in different markets the book argues that the conditions for such arbitrage advantages are often created by businesses which have special links to particular institutions that arbitrage benefits are not available to all businesses in a sector thereby providing unfair competitive advantages to some businesses and that businesses overall activities are often distorted by this system the book includes an analysis of a wide range of different types of arbitrage activities in action

volume one traces the history of opel and vauxhall separately from inception through to the 1970s and thereafter collectively to 2015 special attention is devoted to examining innovative engineering features and the role opel has taken of providing global platforms for gm each model is examined individually and supplemented by exhaustive supporting specification tables the fascinating history of saab and lotus begins with their humble beginnings and examines each model in detail and looks at why these unusual marques came under the gm banner included is a penetrating review of saab through to its unfortunate demise volume two examines unique models and variations of chevrolet and buick manufactured in the southern hemisphere and asia but never offered in north america daewoo wuling and baojun are other asian brands covered in detail this volume concludes with recording the remarkable early success of holden and its continued independence through to today volume three covers the smaller assembly operations around the world and the evolution of gm's export operations a brief history of isuzu subaru and suzuki looks at the three minority interests gm held in asia the gm north american model specifications are the most comprehensive to be found in a single book global and regional sales statistics are included gm executives and management from around the globe are listed with the roles they held an index ensures that these volumes serve as the ideal reference source on gm
