this book examines the emergence of communist power in china during the interwar period focusing especially on the 1927 nanchang uprising it explains why the communists created the myth that the nanchang uprising was a success and later dated the origins of the people s liberation army to this event

arif dirlik s latest offering is a revisionist perspective on chinese

radicalism in the twentieth century he argues that the history of anarchism is indispensable to understanding crucial themes in chinese radicalism and anarchism is particularly significant now as a source of democratic ideals within the history of the socialist movement in china dirlik draws on the most recent scholarship and on materials available only in the last decade to compile the first comprehensive history of his subject available in a western language he emphasizes the anarchist contribution to revolutionary discourse and elucidates this theme through detailed analysis of both anarchist polemics and social practice the changing circumstances of the chinese revolution provide the immediate context but throughout his writing the author views chinese anarchism in relation to anarchism worldwide

when the major powers sent troops to the korean peninsula in june of 1950 it supposedly marked the start of one of the last century s bloodiest conflicts in volume 1 allan millett however reveals that the korean war actually began with partisan clashes two years earlier and had roots in the political history of korea under japanese rule 1910 1945 in volume 2 he shifts his focus to the twelve month period from north korea s invasion of south korea on june 25 1950 through the end of june 1951 the most active phase of the internationalized korean war

this book chronicles the dynamics of local and central party politics as it describes the nationalists turn from radical to status quo policies and practices geisert revisits important issues that continue to engage scholarship on the republican era in particular the social and political bases of guomintang rule he clarifies how guomintang factions and to a lesser extent the chinese communist party competed in local level social movements and political struggles in jiangsu while most studies of modern chinese state making focus on government institutions the author reminds us that the party organization must also be considered an important player in this process bradley geisert teaches history at randolph macon women s college he has published several papers on the guomintang in republican china

discusses the roots of war various alliances and summit meetings meant to forestall conflict and the background and events connected with numerous specific conflicts in the second half of the twentieth century

through the individual characteristics of china s political leaders a nation building process began chinese leaders fell into two categories of reformers conservative and liberal conservative reformers saw a corruption of the moral order of society that needed to be eliminated in order to restore the country s moral integrity while liberal reformers attempted to embrace the flows and lead china toward socialism one

hundred chinese leaders from the opium war to 2001 are profiled in this comprehensive biographical dictionary this book provides the most up to date coverage of modern chinese political leadership during the imperial republican and communist periods political leaders throughout each period had a common desire for reform within the country while maintaining china s political and cultural legacy leung invokes the uniqueness of those leaders in their struggle for personal gain and national improvement as they fought to preserve traditional values written by 30 international scholars and experts in the field using both western and chinese sources this is the most authoritative dictionary on the subject

translations and studies
